- New 2014 Grand Cherokee boasts 30 mpg fuel economy, driving range of more than 730 miles, premium design and array of safety and technology features

July 7, 2013, Auburn Hills, Mich. - After testing six vehicles for fuel efficiency, practicality, driving ability, comfort and features, experts from three major media outlets and a family representing the average mid-size SUV buyer have named the new 2014 Jeep® Grand Cherokee the winner of the 2013 Cars.com/USA Today Midsize SUV Challenge.

"After extensive testing, the Jeep Grand Cherokee took the top spot in the Cars.com/USA Today Midsize SUV Challenge, thanks to its luxurious interior, impressive multimedia system and overall driving capability," said Patrick Olsen, Cars.com's Editor-in-Chief. "Jeep Grand Cherokee has long been considered a true, off-roading SUV, and thanks to some serious refinement, today's incarnation of the Grand Cherokee edges out the other, very worthy, midsize SUV options available to shoppers."

The Cars.com/USA Today Midsize SUV Challenge included:

- 200 miles of driving on varying roads to test each SUV for real-world fuel economy;
- one day of round-robin driving where each expert tested each SUV on the same route back-to-back to gather impressions; and
- a day of family testing where a family of four evaluated each of the six SUVs for comfort, family-friendly features, styling and ride quality

"Winning this award is especially gratifying since the judges included a typical family of four, in addition to experts from three prestigious media outlets," said Mike Manley, President and CEO – Jeep Brand, Chrysler Group LLC.

"We are delighted that the judges recognized the improvements we've made to the Jeep Grand Cherokee – the most awarded SUV ever – that make it even better. No other SUV offers Grand Cherokee's combination of legendary Jeep 4x4 capability, fuel economy, advanced user-friendly technology, world-class craftsmanship and on-road refinement."

Experts from Cars.com, USA Today and Motorweek joined the family of four in judging the vehicles. Full details and results from the 2013 Cars.com/USA Today Midsize SUV Challenge can be viewed at [blogs.cars.com](http://blogs.cars.com).
