2016 FCA Statement: Canada Labour Negotiations

August 11, 2016, Toronto - FCA Canada has a long-standing history of working collaboratively with Unifor, which has helped strengthen our position in the Canadian market since 2009. As a result, FCA has been able to invest more than \$3 billion in its Canadian facilities and has hired nearly 2,200 hourly employees. As we head into these negotiations, we look forward to continuing that partnership while reaching a labour agreement that will sustain the Company's competitiveness over the long term.
