2018 Ram ProMaster Fact Sheet

August 31, 2017, Auburn Hills, Mich. - The ProMaster is Ram Commercial's entry for the Class 2 full-size van segment. Ram's full-size van benefits from an exclusive front-wheel-drive system, reducing weight and complexity by locating all components beneath the cab. This keeps the cargo load floor height and step-in height very low, which is a great feature for the person getting in and out of the van all day. It also helps in low-traction surfaces, like snow, since there is always weight on the front wheels to provide traction. Coupled with gas and EcoDiesel powertrain options, the result is a purpose-built, highly customizable van designed to exceed the demands of commercial customers and upfitters.

New for 2018

- Uconnect 5.0 now standard equipment with optional navigation
- Integrated Voice Command with Bluetooth is now standard along with steering wheel mounted audio controls
- Rear backup camera now standard on all models and backup camera kit with Chassis Cab and Cutaway models
- Right and left sliding doors now feature a window grate with fixed glass option

Highlights

- ProMaster best-in-class features:
 - Standard V-6 horsepower
 - Turning diameter
 - Standard interior cargo height
 - Load floor height
 - Cargo width between wheel wells
 - Maximum cargo width
 - Class-exclusive front-wheel drive
 - Most capable van-based Chassis Cab
- The 2018 Ram ProMaster features the 3.6-liter Pentastar V-6 engine and a torque-laden, 3.0-liter EcoDiesel I-4 engine. The engines are paired, respectively, with a proven six-speed automatic transmission and an electronically controlled Dual Active Drive six-speed automated manual for outstanding fuel economy
- The Ram design team started with a functional exterior and interior, adding distinct Ram styling while adapting the full-size van for North America

Ram Truck Brand

In 2009, the Ram Truck brand launched as a stand-alone division, focused on meeting the demands of truck buyers and delivering benchmark-quality vehicles. With a full lineup of trucks - the Ram 1500, 2500/3500 Heavy Duty, 3500/4500/5500 Chassis Cab and ProMaster - the Ram brand builds trucks that get the hard work done and families where they need to go.

Ram continues to outperform the competition and sets the benchmark for:

- Best-in-class standard horsepower
- Segment-first 1,000 lb.-ft of torque with Cummins Turbo Diesel
- Most luxurious: Ram 1500 Tungsten with real metal and leather elements and a new 14.5-inch Uconnect touchscreen
- Best ride and handling with a double wishbone front suspension and five-link solid rear axle with available, segment-exclusive, active-level, four-corner air suspension
- Best-in-class available rear leg room
- The most cargo space available in any traditional full size cargo van
- Most capable full-size off-road pickup – Ram Power Wagon
- Most awarded light-duty truck in America
- Highest owner loyalty of any half-ton pickup

The latest [J.D. Power APEAL study](#), which rates the emotional bond between customers and their vehicles, named the 2023 Ram 1500 as the best full-size light-duty pickup.

Ram is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit www.stellantis.com.
