## 2018 Alfa Romeo 4C Coupe and Spider Fact Sheet

October 4, 2017, Auburn Hills, Mich. - Since its foundation in Milan, Italy, in 1910, Alfa Romeo continues to design and craft some of the most stunning and exclusive cars in automotive history, all while building on a racing heritage that includes some of the most talented and storied drivers and victories. The 2018 Alfa Romeo 4C offers driving enthusiasts a mid-engine design inspired by the brand's legendary racing history and represents the essential sportiness embedded in the brand's DNA. Handcrafted in Modena, Italy, the Alfa Romeo 4C Coupe and 4C Spider offer seductive Italian styling and a state-of-the-art Formula 1-inspired carbon fiber monocoque chassis that enables an incredible 10.4 power-to-weight ratio. Advanced technologies include the all-aluminum 1750cc turbocharged engine with direct-injection, dual intercoolers, and variable-valve timing, enabling supercar-level performance.

### New for 2018

- Front fascia with carbon fiber vents (optional on 4C Coupe and Spider)
- Black leather seats/interior with Yellow accent stitch
  - Now available with Black, White and Basalt Gray-painted 4C Coupe and Spider

### Highlights

- Weighing less than 2,500 pounds, the ultralight carbon fiber monocoque and aluminum chassis help contribute to an incredible 10.4 power-to-weight ratio
- Race-inspired performance: 0-60 miles per hour (mph) in 4.1 seconds thanks to an all-aluminum 1750cc direct-injection, dual intercooled, turbocharged engine paired to the blistering fast six-speed Alfa TCT (twin-clutch transmission) and Alfa DNA Pro Drive Mode Selector with four adjustable drive modes
- The Akrapovic dual-mode exhaust system is linked directly to the four Alfa DNA Pro selector drive modes, providing maximum Alfa Romeo sound in Dynamic and Race modes, and providing a quieter motoring experience in Natural and All-weather modes.
- Carbon Fiber Trim Package further proliferates the 4C's use of carbon fiber on air vents, instrument cluster surround, instrument panel and shift bezel
- 4C Coupe features two composite-framed sport seats, with standard leather on Spider, and an exposed carbon fiber monocoque that exemplifies its race-inspired technologies

### Model Lineup

For 2018, the Alfa Romeo 4C lineup consists of two models:

- 4C Coupe
- 4C Spider

### Available Exterior Colors

#### **About Alfa Romeo**

Since its foundation in Milan, Italy, in 1910, Alfa Romeo has designed and crafted some of the most stylish and exclusive cars in automotive history. That tradition lives on today as Alfa Romeo continues to take a unique and innovative approach to designing automobiles. Born from the world's greatest driving road – the Stelvio Pass – the Alfa Romeo Stelvio sets a new benchmark in performance, style and technology in an SUV that could only be from Italy. The award-winning Alfa Romeo Giulia delivers race-inspired performance, advanced technologies, seductive Italian style and an exhilarating driving experience to the premium mid-size sedan segment. Crafted by Alfa Romeo artisans at the Cassino plant in Italy, the Giulia Quadrifoglio and the Stelvio Quadrifoglio feature Alfa Romeo's most powerful production engine ever with best-in-class 0-60 mph times of 3.8 and 3.6 seconds, respectively. Rounding out Alfa Romeo's world-class lineup is the handcrafted Alfa Romeo 4C Spider, which represents the purest form of La meccanica delle emozioni (the mechanics of emotion), with its race-inspired, mid-engine design and state-of-the-art, Formula 1-inspired carbon fiber monocoque chassis.
