

Fact Sheet: SIRIUS Satellite Radio

Description

At \$195 (suggested retail price) for hardware and a one-year subscription to SIRIUS Satellite Radio, Chrysler Group vehicles offer the best value in the market.

SIRIUS Satellite Radio provides Chrysler, Dodge and Jeep® customers with over 120 channels of the best music, entertainment and information coast to coast. SIRIUS Satellite Radio offers more than 60 commercial-free, CD-quality music channels and 60 channels of sports, news, entertainment and children's programming, 24 hours a day. Regional traffic and weather reports are also included with SIRIUS Satellite Radio.

Station selection with the radio is easy, using the same familiar method as choosing an AM or FM station. Consumers are able to scan channels or have pre-set buttons for their favorite channels. They can also search both by music category and channel, which will be displayed on the radio screen.

Customers may stream SIRIUS music programming through a high-speed Internet connection at no additional charge.

Availability

Starting with the 2003 Chrysler PT Dream Cruiser 2 in January 2003, Chrysler Group now offers SIRIUS Satellite Radio on:

- Chrysler 300, PT Cruiser, Town & Country minivan, Sebring and Pacifica
- Dodge Magnum, Charger, Caravan minivan, Stratus, Durango, Dakota and Ram
- Jeep Commander, Grand Cherokee, Liberty and Wrangler
