January 30, 2019, Auburn Hills, Mich. - Despite the polar vortex, Dodge//SRT is looking ahead to brighten things up just in time for the spring muscle car season by bringing back the heritage-inspired color Sublime. For the first time ever, Sublime is available on Charger Scat Pack, Charger SRT Hellcat and Challenger Widebody models. Sublime is also returning to the Challenger T/A for the first time since 1970.

Sublime joins the available high-impact paint colors, such as B5 Blue, Go Mango, F8 Green, Plum Crazy and TorRed, on both [2019 Dodge Challenger](#) and [Charger](#) lineups.

“Our Dodge//SRT muscle cars give our customers what they want, an incredibly wide variety of performance models and high-impact color options. Whether it’s Sublime paint, all-wheel drive capability or 797 horsepower, Charger and Challenger stand out,” said Steve Beahm, Head of Passenger Car Brands – Dodge//SRT, Chrysler and FIAT – FCA North America. “By bringing back a high-impact color like Sublime across the 2019 Challenger and Charger lineups, we’re continuing to give our enthusiast customers another way to make their muscle cars even more unique when they showcase the legendary Dodge performance attitude.”

Both Challenger and Charger models in Sublime will be on display at the 2019 Chicago Auto Show.

Sublime was first introduced during the 1970 model year on all Dodge vehicles except the Polara and Monaco models. In 2007, Dodge produced a limited number of Charger R/T Daytona models with Sublime exterior. Most recently, Sublime was available across the Dodge Challenger vehicle lineup during the 2015 model year.

The return of Sublime brings a sense of performance nostalgia and powerful bursts of high-impact paint color to highways and dragstrips across the country.

Dealers can begin ordering Sublime on 2019 Dodge Challenger and Dodge Charger models in February.

### **About Dodge//SRT**

Dodge//SRT offers a complete lineup of performance vehicles that stand out in their own segments. Dodge is America's mainstream performance brand and SRT is positioned as the ultimate performance halo of the Dodge brand, together creating a complete and balanced performance brand with one vision and one voice.

For more than 100 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge, who founded the brand in 1914. Their influence continues today. New for 2019, the Dodge Challenger SRT Hellcat Redeye is possessed by the Demon. Its 797-horsepower supercharged HEMI® high-output engine makes it the most powerful, quickest and fastest muscle car, reaching 0-60 miles per hour (mph) in 3.4 seconds, and the fastest GT production car with a ¼-mile elapsed time (ET) of 10.8 seconds at 131 mph. It also reaches a new top speed of 203 mph.

Joining the Challenger SRT Hellcat Redeye is the 2019 Dodge Challenger SRT Hellcat, with its more powerful 717-horsepower engine, and the Challenger R/T Scat Pack Widebody, featuring fender flares from the SRT Hellcat Widebody, which add 3.5 inches of width to the 485-horsepower Scat Pack's standard body. Also new for 2019 is the

Challenger R/T Scat Pak 1320 with exclusive drag strip technology from the iconic Dodge Challenger SRT Demon. The Challenger R/T Scat Pack 1320 is a drag-oriented, street-legal muscle car and a blank canvas for the serious grassroots drag racer. The 2019 Dodge Durango SRT, America's fastest, most powerful and most capable three-row SUV with a best-in-class tow rating of 8,700 lbs., completes the brand's performance lineup. These visceral performance models join a 2019 brand lineup that includes the Durango, Grand Caravan, Journey, Charger and Challenger — a showroom that offers performance at every price point.
