May 9, 2013, Cambridge, Mass. - The Jeep® brand captured three significant awards here last evening at the New England Motor Press Association’s (NEMPA) annual industry dinner. Mike Manley, President and CEO – Jeep Brand, received the 2013 NEMPA Executive of the Year award, while the Jeep Grand Cherokee was named the “Official Winter Vehicle of New England” for an unprecedented third consecutive year.

In addition, the 2011 Jeep Grand Cherokee earned the Wheels TV “Previously Owned Vehicle of the Year” (POV) award, and the 2013 Ram 1500 4x4 was named NEMPA’s “Best All-Weather Pickup Truck.”

NEMPA President Keith Griffin presented the 2013 Executive Award to Manley, citing the Jeep brand’s outstanding product lineup and its commitment to New England.

“During Mike Manley’s tenure, Jeep has enjoyed a renaissance applauded by both consumers – with ever-increasing sales – and by automotive writers, who have heaped awards upon the Grand Cherokee,” Griffin said. “Regarding Chrysler Group’s vehicle awards, the Jeep Grand Cherokee and the Ram 1500 4x4 are perfect winter companions. Congratulations to Jeep Grand Cherokee, our first-ever three-peat winner, for one of the most successful remakes of a vehicle in American history. And Ram 1500 4x4 is the benchmark of the full-size pickup segment with its refinement, capability and efficiency.”

In winning the “Official Winter Vehicle of New England” award, Jeep Grand Cherokee was hailed for its unbeatable combination of all-weather on- and off-road capability, comfort, luxury, sophistication, build quality and value by the NEMPA jurors.

Ram 1500 4x4 was named “Best All-Weather Pickup Truck” for the second time in four years. It is the latest in a group of recent awards including Motor Trend Truck of the Year, North American Truck of the Year and Ward’s Autos 10 Best Interiors.

NEMPA is unique among regional motor press groups. Its media members represent all six New England states, reaching one of the largest populations in America. NEMPA’s automotive writers and talk show hosts influence consumers who are in the market to buy cars and trucks in order to cope with the region’s punishing weather conditions. Once a year, more than 50 NEMPA members gather for their Winter Vehicle voting day. Vehicles are chosen based on how they meet specific needs of New England drivers during winter.
