Statement: GHG Performance Report/Trends Report

December 16, 2015, Auburn Hills, Mich. - FCA US LLC strongly supports a single, comprehensive national program to limit GHG emissions and fuel economy, and remains in full compliance with the applicable regulations. We have made significant strides – often exceeding industry averages – in improving the performance of those types of vehicles most preferred by our customers.** And we continue to invest in relevant and effective technologies as we maintain our commitment to developing and producing vehicles that are increasingly fuel-efficient and compliant.
