All-new 2017 Chrysler Pacifica Named North American Utility Vehicle of the Year

- Panel of esteemed automotive experts select the Chrysler Pacifica as the 2017 North American Utility Vehicle of the Year
- 2017 marks only the second time a minivan has won the award, with FCA US minivans also receiving the honor in 1996
- The all-new Chrysler Pacifica, the most awarded minivan of 2016, reinvents the minivan segment with an unprecedented level of functionality, versatility, technology and bold styling

January 9, 2017, Auburn Hills, Mich. - The all-new [2017 Chrysler Pacifica](#) has been named the 2017 North American Utility of the Year by a panel of automotive experts. The award is unique and considered by many to be one of the world's most prestigious based on its diverse mix of automotive journalists from the U.S. and Canada who serve as the voting jurors.

The winners were announced at a news conference today at the North American International Auto Show in Detroit.

"When we first introduced the 2017 Chrysler Pacifica just one year ago, we believed that we had created the perfect formula for today's busy families," said [Tim Kuniskis](#), Head of Passenger Car Brands, Dodge, SRT, Chrysler and Fiat, FCA - North America. "But it's the recognition from our customers and respected opinion leaders like the NACTOY jury that helps to reinforce Pacifica's status in the marketplace as the no-compromises minivan, and highlights what a great job the entire team has done in developing, building and selling the all-new Pacifica and [Pacifica Hybrid](#)."

This is the 24th year of the awards. FCA US LLC minivans won North American Car of the Year honors in 1996 – the only other time any minivan has won an award from the North American Car, Truck and Utility Vehicle of the Year (NACTOY) jury.

As the original creator of the minivan more than 30 years ago, FCA US has transformed the segment with firsts – notching 78 innovations through the first five minivan generations. With the introduction of the all-new Chrysler Pacifica and Pacifica Hybrid, FCA US adds 37 minivan firsts to its portfolio for an unprecedented total of 115 innovations in the segment, including the industry's first minivan available as a plug-in hybrid electric vehicle.

The 2017 Chrysler Pacifica reinvents the minivan segment with an unprecedented level of functionality, versatility, technology and bold styling. Re-engineered from the ground up on an all-new platform, the Pacifica delivers class-leading gasoline and hybrid powertrains to the minivan segment. With more than 100 available safety and security features, the all-new Uconnect Theater rear seat entertainment system, and a full array of comfort and convenience technologies, the Chrysler Pacifica is a no-compromises minivan ideally suited for today's families and has earned its spot as the most awarded minivan of 2016.

The Pacifica Hybrid takes this revolutionary vehicle a step further with its class-exclusive, innovative advanced and class-exclusive hybrid powertrain. It's the first electrified vehicle in the minivan segment and achieves 84 miles per gallon equivalent (MPGe) in electric-only mode and 33 miles of all-electric range.

About NACTOY

The North American Car, Truck and Utility Vehicle of the Year awards honor excellence in innovation, design, safety, performance, technology, driver satisfaction and value. Initiated in 1994, they are judged by about 60 professional

automotive journalists from the United States and Canada who work for magazines, television, radio, newspapers and websites. They are the longest-running award not associated with a specific publication, a structure that produces a diverse base of jurors.

The Utility Vehicle of the Year award is new for 2017, reflecting the booming sales and growing diversity of vehicles ranging from rugged off-roaders to family hauling SUVs and minivans.

About Chrysler Brand

The Chrysler brand has delighted customers with distinctive designs, craftsmanship, intuitive innovation and technology since the company was founded in 1925.

The Chrysler Pacifica continues to reinvent the minivan, a segment Chrysler invented, with an unprecedented level of functionality, versatility, technology and bold styling.

The Pacifica Hybrid takes this revolutionary vehicle a step further with its class-exclusive, innovative plug-in hybrid powertrain. It's the first electrified vehicle in the minivan segment and achieves more than 80 MPGe in electric-only mode, has an all-electric range of more than 30 miles and a total range of more than 500 miles. The Chrysler 300 lineup delivers on the brand's promise of iconic and elegant design executed with world-class performance, efficiency and quality – all at an attainable value.

Beyond just exceptionally designed vehicles, the Chrysler brand continues to raise the bar by integrating class-leading, high-tech features into its products, including the Uconnect 4 system with Apple CarPlay, Android Auto Uconnect Theater with available streaming, the plug-in hybrid powertrain in the Pacifica Hybrid, the industry-exclusive Stow 'n Go seating and storage system on the Pacifica, and the segment's most advanced all-wheel-drive (AWD) system available on all Chrysler 300 V-6 models, as well as the most powerful V-8 in its class with the 300C's 5.7-liter HEMI® V-8 engine.
