October 19, 2017, Auburn Hills, Mich. - Ram, Jeep® and Dodge vehicles earned top honors at the annual Texas Truck Rodeo, hosted by the Texas Automotive Writers Association (TAWA). Collectively, these brands secured the most awards of any manufacturer at the event.

"Once again the Ram, Jeep and Dodge brands from FCA US impressed our TAWA members with an exceptional product lineup at the Texas Truck Rodeo," said Nic Phillips, TAWA president. "The Jeep brand continues to outshine the competition with Grand Cherokee and Wrangler winning in their respective categories yet again. Receiving the highest overall interior score, our journalists appreciated the luxurious interior of the Ram 1500 Laramie Longhorn Southfork edition, naming it the 2018 Luxury Pickup Truck of Texas. It's no surprise members particularly enjoyed driving America's fastest, yet practical three-row SUV, the new Dodge Durango SRT, naming it the winner of the Full-size SUV category."

A total of 64 pickups, SUVs, crossovers and commercial vehicles were entered in the competition and 75 TAWA members attended the event. Members cast their votes after two days of on- and off-road vehicle evaluations. Consideration is given to everything from exterior/interior styling and off-road capability to the entrant's overall utility, value and performance. About TAWA

The Texas Auto Writers Association, Inc. was founded in 1985 by automotive journalists who wanted to provide an avenue of professional growth, development and networking.

These professionals sought to create an automotive event that was unique to Texas and the result was the TAWA Truck Rodeo. Since 1992, Truck Rodeos have been held in San Antonio, Houston, Dallas, Fort Worth, Granbury and Spring Branch, and now Dripping Springs. In 2003, TAWA created an event for sedans, sports cars, and other vehicles not eligible for the Truck Rodeo. The Texas Auto Roundup, as the event is called today, has been held annually at the Texas Motor Speedway in Fort Worth. For more information, visit www.texasautowriters.org.
