2019 Dodge Charger Pursuit Fact Sheet

June 28, 2018, Auburn Hills, Mich. - Dodge recognizes that the heroic men and women who protect us must be equipped with the best-performing pursuit-rated vehicle, loaded with tactical equipment and technology. And for 2019, the Dodge Charger Pursuit – America’s best-selling police sedan – continues to deliver world-class safety and security and segment-first technology. Charger Pursuit comes with FCA’s exclusive, no-cost Officer Protection Package. This package is designed to provide officers with rear vision and enhanced officer safety when parked and working inside their vehicle. When activated, the rear-facing camera and sensors detect movement behind the vehicle, giving officers an extra set of eyes in the backs of their heads. When motion is detected, images automatically appear on the vehicle’s Uconnect interactive touchscreen - and any or all of the following can be programmed to occur: alert chimes sound, reverse lights and tail lamps flash, windows roll up and all doors lock.

The available Uconnect 12.1-inch display integrates law enforcement systems and innovative technology to improve safety and occupant space. In addition to the pursuit-rated hardware that includes 370 best-in-class horsepower and factory-installed Mopar upfit packages, Charger Pursuit offers the segment’s most advanced all-wheel-drive (AWD) system for maximum tactical performance, all-weather traction and fuel-efficiency.

Highlights

- Standard Uconnect 7-inch display and rear camera
- Back Camera View is a standard feature on the 7-inch display, which activates the rear camera and lets officers see behind the vehicle while driving or stationary
- Available at no cost on the Charger Pursuit, the Officer Protection Package is designed to increase an officer’s situational awareness when parked and working inside the vehicle, using the Charger Pursuit’s ParkSense rear park assist system, ParkView rear backup camera and Rear Cross Path detection to alert an officer if anyone is behind the vehicle
- Available Fleet Safety Group includes Blind-spot Monitoring and Rear Cross Path detection
- Charger Pursuit V-8 and V-8 all-wheel-drive (AWD) models deliver 370 best-in-class horsepower
- Charger Pursuit V-8 AWD model includes the segment’s most technologically advanced AWD system with a segment-exclusive active transfer case and front-axle-disconnect system to improve real-world fuel economy
- Pursuit-rated hardware: performance-tuned suspension, load-leveling NIVOMAT shocks, 14.5-inch front and 13.8-inch rear pursuit-rated brake package, front- and rear-stabilizer bars, 18-inch performance tires on steel wheels and two-mode electronic stability control (ESC)
- Styling for Charger Pursuit draws on Charger’s late-1960s heritage, while infusing an aggressive and visually lightened look with sleek styling
- Ballistic door panels for driver and passenger doors (Protection: NIJ Level III+) are just one of the many factory-installed Mopar upfit equipment items that include a three-year/36,000-mile warranty
- Up to an EPA-estimated 26 miles per gallon (mpg) highway with aluminum 3.6-liter Pentastar V-6 engine with 292 horsepower, 260 lb.-ft. of torque and available E-85 flex-fuel capability
- Charger Pursuit leads in tactical technology with a laptop-size 12.1-inch touchscreen display that integrates law enforcement systems into the Uconnect touchscreen system, allowing for quick toggling between vehicle controls and nearly every police-designed computer system that can be stowed in the trunk
- Charger Pursuit’s instrument panel helps law enforcement officers keep their eyes on the road, and unlike third-party solutions that require a bulky console-mounted computer screen, does not obstruct front-driver and passenger air bags or interfere with occupant space
- For added upfit equipment control and capability, the available Uconnect 12.1-inch display also provides

Charger Pursuit with a fourth auxiliary button, making installation of upfit equipment easier, as the system can provide the appropriate power, ground and fusing for a variety of LED, lighting, siren, computer, modem or camera systems

- Charger Pursuit's Uconnect systems are engineered and tested to work with an officer wearing gloves, plus extreme operating conditions as low as -40 degrees Celsius and as hot as 85 degrees Celsius
- Available Gross Vehicle Weight Rating (GVWR) to 5,450 pounds with 3.6-liter Pentastar V-6 engine
- Driver-focused cockpit is designed to be a mobile command center with world-class materials, police-duty upgrades and state-of-the-art technologies
- For added convenience, the steering wheel includes re-mappable auxiliary buttons that can be programmed to operate aftermarket police equipment

Model Lineup

For 2019, the Dodge Charger Pursuit lineup consists of three models:

- Charger Pursuit V-6
- Charger Pursuit V-8
- Charger Pursuit V-8 AWD

Dodge//SRT

For more than 100 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge. Their influence continues today as Dodge proudly offers a complete lineup of performance vehicles that stand out in their own segments. For 2020, Dodge literally expands its high-performance Charger model lineup, adding a Widebody exterior to America's only four-door muscle car. The 2020 Dodge Charger SRT Hellcat maintains its reign as the most powerful and fastest mass-produced sedan in the world.

The 2020 Dodge lineup also features the 2020 Dodge Challenger SRT Hellcat Redeye, 2020 Dodge Challenger SRT Hellcat, the Challenger R/T Scat Pack Widebody and the 2020 Challenger R/T Scat Pack 1320. The 2020 Dodge Durango SRT, the fastest, most powerful and most capable American three-row SUV, completes the brand's performance lineup. These

visceral performance models join a 2020 brand lineup that includes the Durango, Grand Caravan, Journey, Charger and Challenger. Dodge is part of the portfolio of brands offered by global automaker Fiat Chrysler Automobiles. For more information regarding FCA (NYSE: FCAU/ MTA: FCA), please visit www.fcagroup.com.
