**Statement: Certification Process**

January 29, 2019, Auburn Hills, Mich. - FCA US has received certification for its new 2019 Ram 3500 pickup – gasoline- and diesel-powered models. The Company previously received certification for its new 2019 2500 models. FCA US is grateful to the U.S. Environmental Protection Agency for expediting this process. The new vehicles remain on schedule for their planned Q2 launch.
