FCA Canada: 2020 Jeep Cherokee Fact Sheet

August 31, 2019, Windsor, Ontario - The 2020 Jeep® Cherokee – the most capable midsize sport-utility vehicle (SUV) – boasts a refined, authentic and premium design, along with an available advanced 2.0-litre inline four-cylinder (I-4) turbocharged engine that enhances performance and fuel efficiency.

Jeep Cherokee's evolution offers more interior comfort and convenience, delivering everyday practicality with outstanding ride-and-handling characteristics, independent front and rear suspension systems with world-class body torsional stiffness and a choice of three different engine offerings mated to an enhanced, high-efficient nine-speed automatic transmission.

New for 2020

- Advanced Safety Group (Lane Departure Warning, Forward Collision Warning,
- Rain-Sensing Wipers) available on Sport, North, Limited and Overland models
- Alexa Skill Technology available on Uconnect 4/4C NAV with 8.4-inch display
- Sangria and Spitfire Orange exterior paint colours

Highlights

- Best-in-class capability:
    - Choice of 2.0-litre I-4 turbocharged, 2.4-litre I-4 or 3.2-litre V-6 engines, also with three available four-wheel-drive systems that raise the standard for midsize SUVs with Jeep Selec-Terrain traction management system with up to five customized modes (Auto, Snow, Sport, Sand/Mud and Rock), and best-in-class V-6 towing capability: 2,041 kilograms (4,500 pounds) and up to a 56:1 crawl ratio for low-range traction
- Fuel economy:
    - Up to 7.6 L/100 km (31 mpg) highway on 2.0-litre I-4 turbocharged engine and standard 2.4-litre I-4 engine; optional 3.2-litre Pentastar V-6 engine with stop-start technology, which delivers fuel economy as good as 8.2 L/100 km (29 mpg highway); standard nine-speed automatic transmission; and industry-first rear-axle disconnect, resulting in reduced energy loss when 4x4 capability isn't needed, and improved fuel efficiency
    - 2.0-litre I-4 turbocharged engine – one of the most technologically advanced engines in the automotive industry, optimizes premium performance and fuel economy as good as 7.6 L/100 km hwy (31 mpg hwy)
- Refined front design, including front fascia, hood, premium LED headlamps, daytime running lamps and fog lamps
    - Front lightweight aluminum hood evolves the Cherokee's unique waterfall grille design to more closely align with the latest Jeep brand styling
    - Front bi-LED projector headlamps incorporate signature Cherokee daytime running lamps feature as a singular component
- Rear features include lightweight composite and available hands-free power liftgate
- Increase in rear cargo storage space 113 litres (4 cubic feet) and retuned suspension packages for improved ride comfort
- The 2020 Jeep Cherokee receives the latest Uconnect systems that include easy-to-use features, enhanced processing power, faster start-up times and touchscreens, which display high-resolution graphics, including Apple CarPlay and Android Auto software
- More than 80 standard and available safety and security features

FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 97th anniversary in 2022. FCA Canada is a wholly owned subsidiary of FCA, a North American automaker based in Auburn Hills, Michigan and member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers that sell Chrysler, Dodge, Jeep®, Ram, FIAT and Alfa Romeo products, as well as SRT performance products. The company also distributes Mopar and Alfa Romeo parts and accessories. In addition to its assembly facilities, which produce the Chrysler Pacifica, Chrysler Pacifica Hybrid, Chrysler Voyager and Chrysler Grand Caravan (Windsor) and Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development centre in Windsor, and has sales offices and parts distribution centers throughout the country.
