# FCA Canada: 2020 Jeep Wrangler Fact Sheet

August 31, 2019, Windsor, Ontario - The iconic Jeep<sub>®</sub> Wrangler - the most capable and recognized vehicle in the

world – delivers unmatched off-road capability and is produced with more than seven decades of 4x4 engineering experience. Powertrain options include a 3.6-litre Pentastar V-6 with engine stop-start (ESS), 3.6-litre Pentastar V-6 with mild-hybrid e-Torque technology, and a 2.0-litre turbocharged inline four-cylinder engine with ESS. Wrangler continues to offer a body-on-frame design, front and rear five-link suspension system, solid axles, electronic lockers and is one of the few SUVs to offer a six-speed manual transmission in addition to its available eight-speed automatic.

#### New for 2020

- Wrangler features an updated powertrain menu:
  - Sport/Rubicon:
    - 2.0-litre ESS
    - 3.6-litre ESS
    - 3.6-litre with mild-hybrid eTorque assist
  - Sahara:
- 3.6-litre ESS (MTX only)
- 2.0-litre with mild-hybrid eTorque assist
- 3.6-litre with mild-hybrid eTorque assist
- Wrangler models now offer 2.0-litre turbocharged inline four-cylinder engine with ESS. The 3.6-litre Pentastar V-6 engine with mild-hybrid eTorque technology is also available on all models
- Wrangler's Advanced Safety Group now includes auto high beams when equipped with the 8.4-inch Uconnect system with navigation
- Wrangler Sport now offers LED headlamps and fog lamps as optional equipment

### Highlights

- Jeep Wrangler's 3.6-litre Pentastar V-6 engine delivers 285 horsepower and 260 lb.-ft. of torque, available with ESS or mild-hybrid eTorque technology, and is engineered to provide a broad torque band
- Available 2.0-litre turbocharged inline four-cylinder engine with ESS delivers 270 horsepower and 295 lb.ft. of torque
- Available on Sahara and Rubicon four-door models, Sky One-touch powertop allows occupants to open or close the Wrangler's roof with a push of a button. The Sky One-touch powertop can be used at speeds up to 96 kilometres per hour (km/h) (60 miles per hour (mph))
- Best-in-class approach angle of 44 degrees, breakover angle of 27.8 degrees, departure angle of 37
  degrees and a ground clearance of 10.9 inches help the Jeep Wrangler scale the toughest terrain
- Wrangler models feature lightweight, high-strength aluminum doors, hinges, hood, fenders and windshield frame, as well as a magnesium swing gate, to help reduce weight and boost fuel economy
- The capable driveline of the Sport and Sahara models include the Command-Trac NV241 part-time, twospeed transfer case, which features a 2.72:1 low-range gear ratio and next-generation Dana front and rear axles. In addition, an optional Trac-Lok limited-slip rear differential provides extra torque and grip in low-traction environments, such as sand, mud or snow
- The Wrangler Rubicon model features next-generation Dana front and rear heavy-duty axles, enhanced off-road rock rails and the Rock-Trac NV241 two-speed transfer case with a 4.0:1 low-range gear ratio.

Wrangler Rubicon also includes electric front and rear locking differentials, a disconnecting front sway bar and 33-inch BF Goodrich KM All-Terrain tires, taking the Wrangler to the highest level of capability

- Wrangler Sahara models offer a Selec-Trac two-speed transfer case with full-time four-wheel drive and a 2.72:1 low-range gear ratio. This full-time two-speed transfer case is intuitive and allows the driver to set it and forget it, while constantly sending power to the front and rear wheels
- Jeep Wrangler's signature features include iconic round headlamps, seven-slot keystone grille, trapezoid wheel flares, removable doors, exposed hinges with the Torx tool-bit size stamped into it, a fold-down windshield and innovative removable tops that allow the Wrangler to retain the brand's iconic appearance and function
- Fourth-generation Uconnect system includes Apple CarPlay, Android Auto and the choice of a 7.0- and 8.4-inch touchscreen with pinch-and-zoom capability. A 5.0-inch screen is standard on Sport
- Standard electronic stability control (ESC), electronic roll mitigation, trailer-sway control, Hill-start Assist and brake traction control are among more than 75 standard and available safety and security features
