FCA Canada: 2020 Dodge Durango Enforcer Fact Sheet

September 1, 2019, Windsor, Ontario - The Dodge Durango Enforcer will celebrate its first anniversary after its critically acclaimed introduction in August 2018. The Enforcer has been on the forefront of an overall push by law enforcement agencies to expand their fleets by adding fast, but fuel-efficient SUVs.

With its successful introduction, there are no changes for the 2020 model year. The Durango Enforcer is equipped with a Uconnect 7.0-inch display, which integrates law enforcement systems and innovative technology.

In addition to the legendary 5.7-litre HEMI® V-8 engine that delivers a best-in-class 360 horsepower, Durango Enforcer offers the segment's most advanced all-wheel-drive (AWD) system for maximum tactical performance, all-weather traction and fuel efficiency. With input from law enforcement officials, the 2020 Durango Enforcer continues to add improvements to meet the high expectations and performance needs of the heroes who protect us.

Highlights

- All Durango Enforcer models feature AWD and offer the standard 3.6-litre Pentastar V-6 engine rated at 293 horsepower and 260 lb.-ft. of torque or the available 5.7-litre HEMI V-8 model that's rated at a best-in-class 360 horsepower and 390 lb.-ft. of torque
- Dodge Durango Enforcer V-8 includes the segment's most technologically advanced AWD system with a segment-exclusive active transfer case to improve real-world fuel economy while also enhancing the vehicle's traction and handling
- Enforcer-rated hardware: performance-tuned suspension, load-leveling NIVOMAT shocks,
- 13.8-inch front and 13-inch rear Enforcer-rated brake package, front- and rear-stabilizer bars, 18-inch tires on aluminum wheels and electronic stability control (ESC)
- Up to 9.6 L/100 km (29 imp. mpg) highway with the 3.6-litre Pentastar V-6 and 10.9 L/100 km (26 imp. mpg) highway rating with the 5.7-litre HEMI V-8 engine
- 2020 Durango Enforcer is available with a spot lamp wiring prep package, red/white auxiliary dome lamp and, when equipped with a HEMI V-8 engine, 800 cold cranking amp (CCA) battery
- Best-in-class 3,265 kg (7,200 lb.) towing capability and available trailer tow when properly equipped
- Under-vehicle mount for spare tire, maximizing interior cargo space and accessibility
- 205.7 millimetres (8.1 inches) of ground clearance for off-road capability
- Electronic eight-speed transmission for improved responsiveness and fuel economy
- Class-exclusive, K-9-friendly tri-zone interior temperature control
- Segment's longest wheelbase 304.8 cm (120 in.) for added stability and handling
- ParkView Rear Backup Camera with ParkSense
- Eight-way power adjusting driver seat controls
- Certified speedometer
- 220-amp alternator
- Heavy-duty oil cooler and water pump
