November 17, 2022, Auburn Hills, Mich. - The 2023 Grand Wagoneer continues to prove why its premium features and amenities make it the best premium vehicle available today, earning the 2023 Luxury Vehicle of the Year award at the 13th annual Hispanic Motor Press Awards (HMPA).

"The return of the iconic Grand Wagoneer has surprised the industry with a new level of American luxury," said Ricardo Rodriguez-Long, president and founder of the Hispanic Motor Press. "An overwhelming majority of Hispanic Motor Press judges agreed that this SUV creates a new standard, able to take your whole family across the country over any road condition. Inside, it represents one of the best luxury interiors in decades, featuring details and craftsmanship that take this SUV to a level once unthinkable in a real 4x4 vehicle."

The 2023 HMP Jury Panel is comprised of independent Hispanic automotive journalists, content creators and industry influencers selected by the organization's advisory board. Over 20 juror members from across the country evaluated more than 100 new vehicles during 2022. The jury panel evaluates vehicles based on their features, including overall design, comfort, safety, economy, handling, performance, functionality, infotainment integration, interior design, environmental requirements, driver satisfaction and price.

The 2023 Grand Wagoneer and 2023 Wagoneer mark the rebirth of a premium American icon, with legendary capability, exceptional driving dynamics, powerful performance, best-in-class towing capability of up to 10,000 lbs., advanced technology and safety, and a premium level of comfort for up to eight passengers, all wrapped in a sophisticated and authentic design.

"Earning the Luxury Vehicle of the Year honor from the Hispanic Motor Press reinforces that the Grand Wagoneer is delivering the refinement, technology, comfort and capability that our customers are looking for," said Jim Morrison, senior vice president and head of Jeep® brand North America. "The premium cabin of the Grand Wagoneer, with its rich Palermo leather, real American Oak wood and unrivaled McIntosh audio system, is second to none, so it's validating when experts agree."
