What's New for 2023: Jeep® Compass

November 22, 2022, Auburn Hills, Mich. - The 2023 Jeep® Compass breaks new ground in performance, comfort and functionality, with premium styling and craftsmanship inside and out. Offered for the first time on Jeep Compass, the 2.0-liter direct injection turbocharged inline four-cylinder engine delivers best-in-class standard horsepower and torque, plus premium on-road manners. The most technologically advanced Jeep Compass ever introduces an array of advanced safety and security features, including the available Highway Assist semi-autonomous driving system, parallel and perpendicular park assist and Traffic Sign Recognition systems, plus a 360-degree Surround View camera.

Standard safety and security features on all trims include Drowsy Driver Detection, Full-Speed Forward Collision Warning with Active Braking, Pedestrian/Cyclist Automatic Emergency Braking, Active Lane Management, Blind-spot Monitoring and Rear Cross Path detection systems. Next-generation technologies offered on Compass include an available 10.25-inch frameless full-color thin-film transistor (TFT) digital cluster – one of the largest in the segment, standard 10.1-inch digital infotainment touchscreen, the new five-times-faster Uconnect 5 with standard wireless Apple CarPlay and Android Auto and an available wireless charging pad.

New for 2023:

- The 2023 Jeep Compass offers premium on- and off-road manners courtesy of a new engine offering. One of the most technologically advanced engines in the automotive industry, the 2.0-liter direct injection turbocharged inline four-cylinder engine for Compass is rated at 200 horsepower and 221 lb.-ft. of torque (best-in-class standard horsepower and torque) and is mated to a high-efficient, eight-speed automatic transmission. Standard on all trims, benefits of the engine include outstanding fuel economy with engine stop-start (ESS) technology, low emissions, quick 0-60 miles per hour (mph) launch performance and enhanced drivability.
 - Jeep Active Drive 4x4 system standard on all models (Trailhawk equipped with Jeep Active Drive Low 4x4 system with a class-leading 20:1 crawl ratio)
- Advanced safety and next-generation technology, including drowsy driver detection, rear seat reminder alert and security alarm, now standard on all trims
- Automatic high-beam headlamp control standard on Latitude and above
- New 17-inch wheel standard on Sport and Latitude models, new painted Gloss Black wheel on Trailhawk
- Exterior paint colors expand for (RED) Edition model to now include Diamond Black and Billet Silver along with Redline Red

Highlights:

- Jeep Compass features an enhanced exterior design that combines premium craftsmanship with iconic Jeep styling. The restyling of several signature components provides distinguished new looks that celebrate both on-road sophistication and off-road grit
- The latest and most advanced LED lighting technology provides improved visibility on the 2023 Jeep Compass. Front LED reflector headlamps are standard on all models; premium LED projector headlamps and taillamps available on Latitude LUX, Limited and Trailhawk models, LED fog lamps available on Latitude and above
- Sophisticated exterior styling with the High Altitude Edition introduces body-color painted front and rear lower fascias with Neutral Grey accents, painted side flares, dual-pane panoramic sunroof, a full suite of premium LED lighting and stylish 19-inch painted Granite Crystal aluminum wheels
- Based on the well-appointed Limited trim, the special-edition (RED) model includes Redline red painted mirror caps, body-color painted roof and lower cladding, 19-inch aluminum painted wheels, black leather-trimmed bucket seats, Uconnect 5 with 10.1-inch digital touchscreen display and unique (RED) badging.

- Exterior paint colors expand to now include Diamond Black and Billet Silver along with Redline Red
- Features a class-exclusive fully disconnecting rear axle and power-transfer unit (PTU) to provide 4x4 models with enhanced fuel economy
 - Standard Selec-Terrain provides up to four modes for the best four-wheel-drive performance in any weather condition (Auto, Snow, Sand/Mud modes standard on all 4x4 models; Trailhawk model gains Rock mode)
 - Trailhawk provides legendary Trail Rated 4x4 capability with:
 - Standard Jeep Active Drive Low 4x4 class-leading 20:1 crawl ratio
 - One-inch factory lift, skid plates, aggressive off-road tires, and Jeep signature red front and rear tow hooks
 - 30-degree approach angle, 24-degree breakover angle and 34-degree departure angle
 - Hill-descent Control
 - Up to 19 inches of water fording
 - Up to 2,000-lb. towing capability (when properly equipped)
 - Over 80 standard and available safety and security features – the most available features in its class
 - Next-generation Uconnect 5 infotainment system with operating speeds that are five times faster and standard Apple CarPlay and Android Auto capability
 - Standard 10.1-inch Uconnect 5 high-definition touchscreen radio
 - Available full-color 10.25-inch frameless digital TFT gauge cluster, one of the largest in the class
