2007 Chrysler 300: Elegance and Performance at an Affordable Price

(Updated 1-02-07)

August 31, 2006, Auburn Hills, Mich. - Epitomizing Chrysler brand's tradition of innovative design, the modern elegance of the Chrysler 300 continues to make everything else on the road seem ordinary. The dramatic exterior design of the Chrysler 300, along with sophisticated interior amenities and command-of-the-road technologies, helped establish a new large-car formula that includes style and performance not easily copied.

Proving once again that more is better, new for 2007 is the Chrysler 300 W. P. Chrysler Executive Series. This rear-wheel-drive long wheelbase package is available with two engine options; the Chrysler 300 Touring model, equipped with the 3.5-liter High Output V-6 engine, and the Chrysler 300C model featuring the modern 5.7-liter HEMI® V-8 engine. The Executive Series package adds 6 inches to the standard wheelbase and provides more than 46 inches of rear legroom – more than the long-wheelbase Audi A8L, BMW 750Li and Jaguar XJ8L.

Also available on the 2007 Chrysler 300 are new features that include SmartBeam® Headlamps, heated rear seats, auto-dimming passenger-side exterior mirror and supplemental turn signal mirrors with courtesy puddle lamps. These technologies and refinements continue to offer customers an elegant, confidence-inspiring vehicle at an exceptional value.

Equipped with integrated safety and security features, all 2007 Chrysler 300 rear-wheel- and all-wheel-drive models provide excellent occupant protection on the road. The National Highway Traffic Safety Administration (NHTSA) rated the Chrysler 300 five stars for driver and front-passenger protection in a frontal crash, the highest rating in the U.S. government's safety crash-test program.

“WHAT'S NEW FOR 2007”

Exterior

- Updated palette offers eight exterior colors:
 - Bright Silver Metallic Clear Coat
 - Brilliant Black Crystal Pearl Coat
 - Cool Vanilla Clear Coat
 - Inferno Red Crystal Pearl Coat
 - Linen Gold Metallic Pearl Coat
 - Marine Blue Pearl Coat
 - Silver Steel Metallic Clear Coat
 - Steel Blue Metallic Clear Coat
- New 18-inch chrome-clad wheels standard on 300 Limited package, 300C and all AWD models

Interior

- New interior color combination of Khaki/Light Graystone replaces Deep Jade/Light Graystone

Safety & Security

- Automatic oil change alert
- SmartBeam® intelligent headlamp system control available on 300 Limited package and standard on 300C models

- Low-risk deployment air bags

Packages

- New W. P. Chrysler Executive Series long wheelbase package adds six inches and 10.2 cubic feet of interior space to 300 Touring and 300C rear-wheel-drive models
- 300 Limited package now equipped with new 18-inch chrome-clad wheels and optional Adaptive Cruise Control
- Luxury Group II package bundles auto-dimming passenger-side exterior mirror; heated rear seats, and supplemental turn-signal mirrors with courtesy puddle lamps and is available on 300C

DESIGN

Trevor Creed, Senior Vice President – Design, Chrysler Group: *“The 2007 Chrysler 300 embodies the very essence of the Chrysler brand while evoking the proud lines that once made the American automobile such an icon. The Chrysler 300 is still turning heads with eye-catching styling, incredible performance, dynamic and controlled handling, unsurpassed comfort and spaciousness – all at a stunningly affordable price.”*

ENGINEERING

Craig Love, Vice President – Rear-Wheel Drive Platform Team: *“We’ve added new innovations and modern technologies to the 2007 Chrysler 300, such as SmartBeam Headlamps and supplemental turn signal mirrors, which are sure to delight the customer and keep the Chrysler 300C fresh in 2007.”*

“Advancements in technology enable a rear-wheel-drive large car to perform with all-season capability. By driving continuously through all four wheels, the Chrysler 300’s all-wheel-drive system provides excellent cornering balance under all driving conditions, and better traction in snow and wet-weather surfaces. The benefit to customers is a sure-footed driving experience.”

Three powertrain options are available in the 2007 Chrysler 300 lineup, which offer outstanding combinations of performance, fuel economy, quietness and durability.

The rear-wheel-drive Chrysler 300 is equipped with a 2.7-liter V-6 engine providing 190 hp and 190 lb.-ft. of torque. The 3.5-liter High Output V-6 engine provides 250 hp and 250 lb.-ft. of torque, and is featured on the rear-wheel-drive and all-wheel-drive Chrysler 300 Touring models and Limited package. The rear-wheel-drive and all-wheel-drive 2007 Chrysler 300C models feature the modern 5.7-liter HEMI V-8 engine equipped with Multi-displacement System (MDS). MDS seamlessly turns off the fuel consumption in four cylinders when V-8 power is not needed, improving fuel economy as much as 20 percent. With 340 hp and 390 lb.-ft. of torque, the 2007 Chrysler 300C can go from zero to 60 mph in just 6.3 seconds.

New on the 2007 Chrysler 300C are available supplemental signal mirrors with courtesy puddle lamps. The driver- and passenger-side exterior mirrors feature bright, blinking light-emitting diodes (LEDs) when the turn signal is engaged, providing additional notice to vehicles traveling behind the car. Courtesy puddle lamps provide extra ground lighting to help make entry and exit from the vehicle safer and easier. The puddle lamps work in conjunction with the interior lighting and keyless entry system.

MARKETING

George Murphy, Senior Vice President – Global Marketing, Chrysler Group: *“The 2007 Chrysler 300 provides innovative technology, refinement and incredible performance in an affordable package. The Chrysler 300 continues to have the lion’s share of the large and very competitive Luxury Large-car segment, eclipsing its closest competitor by a 2-to-1 margin. More than 300,000 units have been sold in the U.S. since this head-turning vehicle was introduced.”*

Dave Rooney, Director – Chrysler Marketing Communications: *“The 2007 Chrysler 300 Executive Series long wheelbase package will have 6 inches more of the elegant, distinct design that made the Chrysler 300 the most-awarded new car in automotive history. In addition, limousine-like features and custom options are available to create a luxurious driving experience for commercial and retail customers.”*

The W. P. Chrysler Executive Series package adds 6 inches to the current wheelbase length of 120 inches, without compromising the award-winning styling of the Chrysler 300. The 6-inch stretch provides more than 46 inches of total rear legroom and an additional 10.2 cubic feet of interior space.

The 2007 Chrysler 300 Touring and 300C W. P. Chrysler Executive Series models will be modified by Accubuilt, a leading specialty vehicle manufacturer with 128 years of experience. The vehicles can be ordered with personalized features, including rear lighted writing tables, two 12-volt power ports, footrests, lighted vanity mirrors and directional reading lights.

The modified vehicles will meet or exceed all applicable NHTSA and U.S. Environmental Protection Agency standards.

PRODUCT HIGHLIGHTS

- The Chrysler 300 Executive Series long wheelbase package adds 6 inches to the standard wheelbase, providing more than 46 inches of rear legroom and an additional 10.2 cubic feet of interior space
- Chrysler redefined the classic American automobile with the Chrysler 300. Boasting an entirely new shape based on Chrysler Group's rear-wheel-drive architecture, this striking sedan continues the Chrysler brand's proud "letter series" tradition in a thoroughly modern way.
- With stunning, noble proportions, Chrysler 300 signals an entirely new design direction for the Chrysler brand
- Chrysler 300C offers exceptional performance with the HEMI V-8 engine that produces 340 hp and 390 lb.-ft. of torque. The engine includes Multi-displacement System (MDS), which provides as much as a 20 percent improvement in fuel economy. Chrysler 300C can go 0-60 mph in just 6.3 seconds.
- Technologies such as Electronic Stability Program (ESP) with Brake Assist, all-speed traction control system (TCS) and four-wheel, anti-lock brake system (ABS), have reached new levels of advancement to control rear-wheel-drive vehicles in a way that is transparent to the driver
- Optional all-wheel-drive models feature excellent cornering balance under all driving conditions and improved traction in snow and wet-weather conditions
- Unsurpassed comfort and spaciousness – the Chrysler 300 has the interior space of a front-wheel-drive package in a rear-wheel-drive vehicle
- Chrysler 300 offers leading DaimlerChrysler technology at a mid-market price

MODEL LINEUP

2007 Chrysler 300 (Rear-wheel Drive)

Standard Features

- Rear-wheel-drive configuration
- 2.7-liter V-6 engine – 190 hp (142 kW) and 190 lb.-ft. (258 N•m) of torque
- Four-speed automatic transmission
- 17-inch wheels and tires
- 18-gallon fuel tank
- Air conditioning
- AM/FM/CD radio with an auxiliary audio input jack and four speakers
- Analog clock
- Driver- and passenger-adjustable lumbar support
- Driver-side, one-touch-down power windows
- Low-risk deployment air bags
- Oil change alert
- Outside temperature display
- Power eight-way driver's seat
- Power four-wheel disc brakes
- Power locks
- Rack-and-pinion steering
- Rear 60-40 split seat with armrest and cup holder

- Rear window defroster
- Remote keyless, illuminated entry
- Sentry Key® Engine Immobilizer system
- Smokers Group
- Solar-control window glass
- Speed control with instrument panel indicator light
- Tilt and telescoping steering column

Optional Features / Packages

- AM/FM/six-CD stereo with MP3 capability
- ESP with Brake Assist, all-speed TCS and four-wheel ABS
- Power adjustable pedals
- Protection Group package including supplemental side-curtain air bags, air filtration and self-sealing tires
- SIRIUS Satellite Radio with first-year subscription provided by SIRIUS
- Sound Group package including six-speaker Boston Acoustics sound system with 276-watt digital amplifier and AM/FM/cassette/six-CD with MP3 capability
- UConnect® Hands-free Communication System using Bluetooth® technology and auto-dimming rearview mirror
- Great American package including 17-inch tires and machined aluminum wheels; ESP with Brake Assist; all-speed TCS; four-wheel ABS; supplemental side-curtain air bags; air filtration; cloth-trimmed bucket seats; power, folding, heated, body-color exterior mirrors; six speaker sound system and AM/FM/Cassette /six-CD with MP3 capability

Chrysler 300 Touring (Rear-wheel Drive)

Standard Features

In addition to the standard features on the Chrysler 300, the Chrysler 300 Touring adds/replaces the following:

- 3.5-liter High Output V-6 engine – 250 hp (186 kW) and 250 lb.-ft. (340 N•m) of torque
- 17-inch machined-face aluminum wheels
- All-speed TCS
- Body-colored heated mirrors and bodyside moldings with bright insert
- ESP with Brake Assist
- Five-speed automatic transmission with Auto Stick
- Fog lamps
- Four-wheel ABS
- Leather-trimmed seats, steering wheel and shift knob
- Mini-carbon accent bezel on center console
- Tire pressure warning lamp

- 2007 model year production start: August 2006
- Production location: Brampton Assembly Plant in Brampton, Ontario, Canada
- Executive Series long wheelbase modification: August 2006; by Accubuilt, Inc. in Lima, Ohio
- 5.7-liter HEMI V-8 engine: Saltillo Engine Plant in Saltillo, Mexico
- 3.5-liter V-6 engine: Kenosha Engine Plant in Kenosha, Wis.
- 2.7-liter V-6 engine: Kenosha Engine Plant in Kenosha, Wis.
- Five-speed automatic transmission with Auto Stick: Indiana Transmission Plant in Kokomo, Ind.
- Four-speed automatic variable-line pressure transmission: Kokomo Transmission Plant in Kokomo, Ind.

MARKET POSITION

The 2007 Chrysler 300 continues the return of the great American car. With strikingly beautiful styling, the Chrysler 300 combines elegance, confidence, power and value.

Demographics

Chrysler 300:

- Gender: 60 percent male/40 percent female
- Age: 40-54
- Median Annual Household Income: \$75,000
- Education: 45 percent to 60 percent with undergraduate/graduate degrees
- Household: 73 percent married; 16 percent have children living at home
- Occupation: 40 percent to 50 percent professional/technology/manager

Chrysler 300 Touring/300C W. P. Chrysler Executive Series long wheelbase:

- Gender: 75 percent male/25 percent female
- Age: 40-69
- Median Annual Household Income: \$85,000
- Education: 30 percent to 60 percent with undergraduate/graduate degrees
- Household: 85 percent married; 20 percent have children at home
- Occupation: 40 percent to 50 percent professional/technical/manager

MARKET ADVANTAGES

Chrysler 300:

- Strikingly beautiful styling
 - Pays homage to the original 300, albeit in a modern way
- Incredible performance

- Modern HEMI V-8 engine (340 hp and 390 lb.-ft of torque) with fuel-saving MDS
- Most engine choices in its class – 2.7-liter V-6, 3.5-liter High Output V-6 and 5.7-liter HEMI V-8
- The exhilarating feel of rear-wheel drive
- Optional all-wheel drive for best-in-passenger-car, four-season traction
- Dynamic and controlled handling
 - Near-perfect 50-50 weight distribution
 - ESP with Brake Assist and all-speed TCS
 - Front independent short- and long-arm suspension
 - Rear five-link independent suspension
- Unsurpassed comfort and spaciousness
 - Front-wheel-drive interior package in a rear-wheel-drive passenger car
 - Best-in-class interior room
 - Tailored driver adjustability for custom comfort
- Stunningly affordable
 - Combination of elegance, power and performance at an exceptional value

Chrysler 300 Touring/300C W. P. Chrysler Executive Series long wheelbase:

- Rear-wheel drive with ESP, ABS and TCS collaborated safely to the vehicle
- Equipped with fuel-efficient 3.5-liter High Output V-6 engine providing 250 hp and 250 lb.-ft torque or optional 5.7-liter HEMI V-8 engine generating 340 hp and 390 lb.-ft torque
- Modern HEMI engine features MDS, which seamlessly shuts down four of its eight cylinders when V-8 power is not needed, generating as much as a 20 percent improvement in fuel economy
- Balanced weight distribution certified by Chrysler Group in a garageable long wheelbase vehicle
- Long wheelbase executive comfort (extra 10.2 cu. ft.) in a customer-tailored package
- Right-size cargo capacity for multiple uses
- More rear legroom (46.2 inches total) than Jaguar XJ8L, Audi A8L, BMW 7L

PRODUCT CHRONOLOGY

2006 Model Year

- Colors: Linen Gold Metallic Pearl Coat replaces Deep Lava Red
- Eight-way power passenger seat with power recline (replaces six-way power passenger seat)
- Cruise control instrument panel indicator light added
- Optional DVD video entertainment system in center console (300 Touring, 300 with the Limited package and 300C)
- Audio input jack added to AM/FM/CD radio
- Five-speed automatic transmission with Auto Stick mated to 3.5-liter V-6 engine
- Variable Line Pressure (VLP) feature added to four-speed automatic transmission
- New Tire Pressure Monitor warning lamp (300 Touring, 300 Limited Pkg.)
- New Tire Pressure Monitor display (300C)
- 300 Touring new 17-inch machined-face aluminum wheel
- Comfort/Convenience Group (300 Touring)
- Power-adjustable pedals with memory standard equipment on 300C
- SIRIUS Satellite Radio with one-year subscription standard on 300 Limited package and 300C
- Chrysler 300 Touring Signature Series package introduced in 2005/2006 model year
- Chrysler 300 Great American package introduced
- Chrysler 300C Heritage Edition introduced

2005 Model Year

The all-new Chrysler 300 was introduced in model year 2005 marking the brand's return to rear drive and the return of the HEMI engine after 50 years

Features included:

2005 Chrysler 300

- AM/FM/CD radio with changer controls, auxiliary audio input jack and four speakers
- Analog clock
- Driver and passenger adjustable lumbar support
- Driver-side one-touch-down power windows
- Glove box lamp
- Illuminated vision vanity mirrors
- Occupant Classification System
- One-touch, three-blink lane change signal standard
- Outside temperature display
- Power eight-way driver's seat
- Power four-wheel disc brakes
- Power locks
- Rack and pinion steering
- Rear 60/40 split seat with armrest and cup holder
- Remote keyless/illuminated entry
- Sentry Key® engine immobilizer system
- Solar control window glass
- Speed Control
- Tilt and telescoping steering column

2005 Chrysler 300 Touring

Included all Chrysler 300 standard features plus/replaced by:

- 17-inch seven-spoke machined aluminum wheels
- 3.5-liter, SOHC, High Output, 24-valve 250 horsepower V-6 engine mated to a four-speed automatic transmission
- All-speed Traction Control
- Available all-wheel drive with five-speed automatic transmission with Auto Stick
- Body-color power heated mirrors
- Electronic Stability Program (ESP) with Brake Assist
- Fog lamps
- Leather-trimmed seats, steering wheel and shift knob
- Mini-Carbon center stack bezel accent
- One-touch, three-blink lane change signal
- Power four-wheel disc anti-lock brakes

2005 Chrysler 300 Limited Package

Included all Chrysler 300 Touring standard features plus/replaced by:

- 17-inch chrome-clad aluminum wheels
- Automatic headlamps
- Cargo net
- Driver and passenger one-touch up/down power front windows
- Dual zone automatic temperature control with infrared sensing
- Electronic vehicle information center with up to 128 customer-programmable features including trip computer, compass, HomeLink universal transceiver and electrochromatic interior rearview mirror
- Heated driver and front passenger front seats
- In-cluster reconfigurable display
- One-touch, three-blink lane change signal standard
- Power six-way passenger seat

- Security alarm with panic button on key fob
- Six-speaker audio system
- Steering-wheel-mounted audio controls

2005 Chrysler 300C

Included all Chrysler 300 Limited standard features plus/replaced by:

- 18-inch chrome-clad aluminum wheels
- 19-gallon fuel tank
- 5.7-liter HEMI 340 hp V-8 engine with Multiple Displacement System mated to a five-speed automatic transmission with Auto Stick
- 160 mph speedometer
- Boston Acoustics six-speaker sound system with 276-watt digital (DSP) amplifier
- Chrome exterior door handles and window trim
- Chrome, multi-function, power, heated foldaway mirrors with memory feature and driver's auto-dimming and auto-adjust in reverse
- Dual exhaust with bright tips
- Memory system: dual driver seats, radio presets, steering column, display and pedals (if equipped)
- One-touch, three-blink lane change signal standard
- Performance four-wheel disc antilock brakes with All-speed Traction Control and Electronic Stability Program with Brake Assist
- Power tilt and telescoping steering column with memory
- Premium leather interior trim
- Projector halogen quad headlamps with delay
- Rain-sensitive wipers
- Tortoise shell-style interior accents
- Satin Silver center stack accent bezel
- Trunk decklid liner
