2007 Dodge Caravan and Grand Caravan Cargo Vans Ideal Choice for Small-business and Commercial Needs

August 31, 2006, Auburn Hills, Mich. -

Offering the perfect balance of utility and visibility for small-business and commercial needs, the 2007 Dodge Caravan and Grand Caravan cargo vans provide optimum storage, comfort and convenience for business use.

"Dodge Caravan and Grand Caravan cargo vans provide business customers a spacious yet compact interior, along with a commercial suspension for heavier cargo, without sacrificing ride quality," said George Murphy, Senior Vice President – Global Brand Marketing, Chrysler Group. "Our cargo vans are yet another example of how Chrysler Group continues to set the standard for flexibility and innovation in the minivan segment."

Designed for commercial use, with the segment's only Stow 'n Go® body and tubs, Dodge Caravan and Grand Caravan cargo vans provide business customers superior space and durability to handle the most demanding commercial jobs.

"WHAT'S NEW FOR 2007"

Exterior

- Two new exterior color offerings: Modern Blue Pearl Coat and Marine Blue Pearl Coat
- Driver- and passenger-side sliding doors with fixed glass now standard

DESIGN

Trevor Creed, Senior Vice President – Design: "As the leader in the minivan segment, Dodge Caravan and Grand Caravan cargo vans are designed to meet specialized small-business and commercial customer needs, while offering exceptional occupant protection to ensure a safe and secure driving experience."

Dodge Grand Caravan cargo van is the long-wheelbase version of the Dodge Caravan cargo van. For both, rear seats are excluded to provide ultimate storage capacity. For increased protection, a tough rubber floor mat covers the cargo area.

ENGINEERING

Steve Jakubiec, Senior Manager – Minivan Vehicle Development: "Packing plenty of comfort and convenience, Dodge Caravan and Grand Caravan cargo vans are equally resilient and durable, offering 167.9 cubic feet of cargo capacity, up to 5,700 lbs. GVWR (Gross Vehicle Weight Rating), and impressive towing capacity of 3,800 lbs."

Dodge Caravan and Grand Caravan cargo vans are equipped with a 180-horsepower (134-kW), 3.3-liter V-6 engine delivering 210 lb.-ft. of torque (285 N•m) and mated to a four-speed automatic transmission. Hydraulic power-assist rack-and-pinion steering, heavy-duty ride suspension, front anti-roll bar, rear leaf suspension, rear leaf springs, P215/65SR16 tires, and four-wheel, anti-lock disc brakes combine to provide enhanced driver comfort.

PRODUCT HIGHLIGHTS

- Designed for commercial use with short- and long-wheelbase versions, the 2007 Dodge Caravan and Grand Caravan cargo vans meet small-business and commercial needs
- Dodge Grand Caravan cargo vans are modified with body and tubs based on Chrysler Group's patented Stow 'n Go seating and storage system — a segment exclusive
- For ultimate storage capacity, rear seats are not included in Dodge Caravan and Grand Caravan cargo vans. Dual sliding doors and rear-quarter window openings provide the perfect balance of utility and

visibility
