Through a celebration of moms and families, the Dodge brand is launching the newest version of America's best-selling minivan, the all-new 2008 Dodge Grand Caravan, with a new campaign that showcases its interior flexibility, including the innovative Swivel 'n Go™, through industry-leading communications techniques.

As a new approach to reach consumers with the right message, the Dodge brand is the first in the industry to utilize Yahoo! Smart Ads for a new vehicle launch. Yahoo! Smart Ads combines behavioral targeting and dynamically generated advertisements as part of an integrated marketing campaign to launch the all-new 2008 Dodge Grand Caravan.

The new Grand Caravan advertising campaign is designed to reach young families and position the best-selling minivan as the "ultimate family vehicle" by delivering quality and reliability, while keeping families safe, comfortable and entertained. Dodge will reach moms on a more personal level through a unique influential Mom Test-Drive and blog program with Matchstick which includes hundreds of test drives across the country. Additionally, to celebrate families during the holiday season, Dodge Grand Caravans will be given-away on "The View" after the vehicle is included in a Christmas carol.

In addition to the all-new 2008 Grand Caravan, Dodge marks a milestone with an onslaught of new products that gives the brand its newest passenger car lineup yet. The new "Grab Life" tagline expands the appeal to this new broader audience and builds on the equity established with the previous Dodge tagline. A new 60-second and two 30-second Dodge brand television spots air on primetime network programming and cable media outlets starting Sun., Sept. 16.

"This is a very exciting time at Dodge. Not only are we launching the all-new Dodge Grand Caravan with 35 new or

improved features, we also have our new line-up of passenger cars to complement our truck line, including the new Dakota," said Mike Accavitti, Director - Dodge Brand Global Marketing, Chrysler LLC. "The new Dodge brand campaign uses original, high-energy music to create a youthful, yet powerful tone to breakthrough and showcase the entire brand in a positive light. The Dodge Grand Caravan campaign stays true to the tone of the brand campaign, while highlighting innovative features and a truly flexible interior."

Set to the energetic and contemporary song called "First Time" by Lifehouse, the new Dodge brand campaign showcases its product lineup with people taking in all that life has to offer. Whether it's work or play, with family or friends, the campaign showcases the way people "Make the Most of Every Mile" every day with Dodge vehicles.

Dodge Grand Caravan TV Spot Descriptions

The first spot, Family Reunion, shows how the all-new Grand Caravan can help bring a disconnected family together and help them bond. We see them exploring the interior and enjoying the journey, so much so that the family's adventure continues beyond the commercial's completion.

Another spot, Rooms, was meant to convey the all-new Grand Caravan as a "family room on wheels," but is so much more. The commercial shows not only a litany of product features, but exhibits the emotional connection that exists between a family and the Grand Caravan.

The third spot, Be Right Back, is designed to demonstrate a key, exclusive feature—SIRIUS™ Backseat TV. The commercial leverages Dodge's partnership with Nickelodeon, one of the three Backseat TV networks (along with Disney Channel and Cartoon Network), and its highly-popular character, SpongeBob SquarePants. The commercial demonstrates that not only can you watch SpongeBob at home, but because Grand Caravan's SIRIUS programming is live 24/7, you can take SpongeBob with you.

The final spot, Crash Test Kid, utilizes a crash test dummy as part of the family within the spot to exhibit how integral safety was to the Grand Caravan's design process.

Dodge Brand TV Spot Description

The 2008 model year Dodge Brand Campaign, "Make the Most of Every Mile", is constructed from vignettes and/or mini-stories shot for each of the brand's nameplates. The high-energy footage shows products in action and real people interacting with vehicles. The overall tonality of the footage is optimistic, bold, confident, strong, and clever.

Both the multi-car and Ram truck 30-second spots drill deeper into the product story and will launch shortly after the 60-second brand spot.

In addition, the Dodge logo is redesigned to have a more three-dimensional look which reflects the actual vehicle badge, and gives it a more contemporary image in the advertising.

The new Dodge brand and Dodge Grand Caravan campaigns were created by the Detroit office of BBDO, which is part of the Omnicom entity and located in Troy, Mich.
