Dodge Marks 25th Anniversary of the Minivan By Introducing Even More Minivan-First Features

August 31, 2008, Auburn Hills, Mich. -

Since the Dodge Grand Caravan's birth 25 years ago, 65 minivan-firsts have led to more than 12 million Chrysler and Dodge minivans sold throughout the world, solidifying Chrysler's leadership in the segment. For 2009, the Dodge Grand Caravan continues to set the mark in minivan value adding more standard features and offering new minivan-first safety and security features to the minivan that started it all. With more than 40 new or improved features from the previous generation, including unsurpassed 17 city / 25 highway mpg fuel economy; Dodge Grand Caravan is the best all-around vehicle for young families.

The Dodge Grand Caravan now includes more of the features customers want and expect in the competitive minivan segment. Standard on the Dodge Grand Caravan SE for 2009 is the industry-exclusive Stow 'n Go[®] seating and storage system with Stain Repel Seat Fabric, power second- and third-row windows, sunscreen glass, electroluminescent gauge cluster with tachometer, cruise control and floor mats.

The Dodge Grand Caravan is first in the minivan segment to feature the all-new Blind Spot Monitoring and Rear Cross Path advance safety systems.

The all-new Blind Spot Monitoring System (BSM) detects a possible unseen vehicle when changing lanes. The Rear Cross Path System (RCP) aids the driver any time the vehicle is in Reverse and warns if any traffic is moving toward the vehicle. Both systems utilize dual ultra-wideband radar sensors that notify the driver via an audible chime and a visible icon on outside mirrors.

Chrysler continues to be the minivan leader, a core segment it relentlessly improves upon year after year. Innovative features including the segment's only Swivel 'n Go[™] seating with center table and dual nine-inch screen DVD system with a minivan-first swiveling third-row monitor and available uconnect studios SIRIUS Satellite Radio and SIRIUS Backseat TV[™], take mobile entertainment to a new level. With comfortable second-row captain's chairs that rotate 180 degrees to face the third row and a removable table that installs between, friends and family may play games and have conversations; face-to-face dinner on-the-go just became more meaningful.

With two distinct seating options, three efficient powertrain options, advanced safety features, including the new Blind Spot Monitoring accident avoidance system, EVIC with premium steering wheel controls, uconnect gps with a 30-gigabyte hard drive and real-time traffic monitoring, a premium center console that slides rearward to reach second-row passengers, vast storage solutions compiled with industry-leading functionality, the Dodge Grand Caravan truly is the perfect family room on wheels.

WHAT'S NEW FOR 2009

Models

- Dodge Grand Caravan SE and SXT models with more value-added features
 - Dodge Grand Caravan SE now includes standard Stow 'n Go with Stain Repel Seat Fabric, cruise control, power second- and third-row vents, floor mats, sunscreen glass, body-color door handles and bodyside moldings
 - Dodge Grand Caravan SXT now includes a roof rack with crossrails

- Dodge Grand Caravan 25th Anniversary Edition offers great value with a large selection of standard features

- **Exterior**

- Chromed Daylight Opening (DLO) trim on SXT (28L Package and 25th Anniversary Edition)
- Deep Crimson Crystal (new) available on SE and SXT
- Melbourne Green Pearl Coat (new) available on SE and SXT
- Dodge badge on lower-left liftgate
- Unique 17-inch aluminum wheels with Mineral Gray accents on 25th Anniversary Edition

Interior

- Stow 'n Go[®] seating standard on SE
- New electroluminescent gauge cluster with tachometer standard on SE
- Premium steering wheel with Electronic Vehicle Information Center (EVIC) controls available on SXT
- Larger nine-inch dual overhead DVD screens with swiveling third row (with Swivel 'n Go[™])
- iPod interface now included with uconnect phone on SXT
- New Premium perforated leather seating with French-seamed stitching
- Deluxe front door trim with silver accent spear on SE
- Deluxe center stack bezel with satin silver side spears on SE (with Climate Control Group)

Powertrain/Chassis

- New sport-tuned suspension for improved ride and handling on 4.0-liter V-6-equipped Grand Caravan SXT (28L Package)
- Unsurpassed fuel economy on 4.0-liter engine improves to 17 city and 25 highway mpg
- Updated brake system with new linings and hydraulic boost compensation reduces Noise, Vibration and Harshness (NVH) while improving braking performance

Safety and Security

- Minivan-first Blind Spot Monitoring System (BSM) available on SXT
- Minivan-first Rear Cross Path System (RCP) available on SXT
- Rain-sensing wipers available on SXT

Equipment/Packages

- Available Climate Control Group now includes rear-seating climate control on SE
- Popular Equipment Group I includes power sliding doors, power liftgate, Remote Start and power adjustable pedals available on SE
- Premium Group includes rain-sensing wipers, automatic climate control, third-row power-folding seat, premium nine-speaker sound with subwoofer and 506-watt amplifier, auto-dimming rearview mirror and uconnect phone available on SXT
- uconnect gps with 30-gigabyte hard drive, navigation and real-time traffic monitoring available on SXT

Design

The 2009 Dodge Grand Caravan sports an exterior and interior design that updates the classic 1984 Grand Caravan, giving it a contemporary, sporty profile with a thoughtful, tailored interior.

A contemporary style with sheer, clean lines and an athletic stance is evident, along with distinctive design cues that unmistakably make Dodge Grand Caravan a Dodge.

The 2009 Dodge Grand Caravan's sporty exterior includes a distinctive crosshair grille on its chiseled front end. Design cues that are more contemporary in nature include clean, sheer lines; streamlined, leaner pillars; aerodynamic mirrors; wheel forms that go all the way to the bottom of the bodyside; a body-to-glass proportion similar to the Dodge Charger and more of a settled appearance on the road.

To achieve more interior roominess over the previous generation, Dodge Grand Caravan designers widened the roof by six inches, lowered the daylight opening drip line, gave the beltline more rake and lowered and pulled out the sill to create a better relationship with the tires. The tire size also was increased an inch and the wheels were given a five-spoke design for an athletic feel. The wider roof adds interior head and shoulder room, and the lowered daylight opening helps achieve the new glass-to-body proportion. These design cues result in a Dodge minivan that trades the familiar elliptical shape for one that is contemporary and sheer, with a protective look and athletic stance.

A modern look is created with a clean interior execution that adds even more functionality. Sleek pillars, clean interior lines and satin silver accents add to the feeling of spaciousness that was created by increasing the vehicle's head and shoulder room. With 40 new or improved features over the previous generation, no detail was overlooked to create a vehicle that functions well for numerous lifestyles.

Engineering

The 2009 Dodge Grand Caravan offers three powertrains including a 4.0-liter V-6 engine with unsurpassed fuel economy, mated to a minivan-first six-speed transaxle that produces 251 hp (189 kW) at 6,000 rpm and 259 lb.-ft. (350 N•m) of torque at 4,100 rpm. The 4.0-liter engine has a fuel economy improvement of 17 city and 25 highway mpg for 2009. A best-in-class fuel economy is 17 city / 25 highway. A 3.3-liter Flex Fuel Vehicle (FFV) V-6 engine that may be fueled with E85 is mated to a four-speed transaxle that produces 175 hp (131 kW) at 5,000 rpm and 205 lb.-ft. (278 N•m) of torque at 4,000 rpm. A 3.8-liter V-6 engine mated to a six-speed transmission that produces 197 hp (147 kW) at 5,000 rpm and 230 lb.-ft. (312 N•m) of torque at 4,000 rpm rounds out the powertrain lineup.

The six-speed transaxle's higher numerical first gear launches the Dodge Grand Caravan more briskly than a four- or five-speed transaxle. It also provides smaller steps between ratios, which means the engine speed changes less with each shift, creating a smooth driving dynamic.

High-strength and hot-stamped steel and improved structural body stiffness have reduced NVH, while the Grand Caravan's aerodynamic design reduces wind noise. Additional acoustic treatments also have improved interior quietness. The twist-beam rear axle with coil springs and front-wheel-drive suspension architecture provides increasing stability and ride comfort, and prevents road noise and transmission harshness from entering the passenger

compartment.

A family-friendly interior full of innovation complements the fuel-efficient powertrains. Chrysler engineers developed two distinct seating systems: Chrysler's industry-exclusive Stow 'n Go[®] seating and storage system and the Swivel 'n Go[™] seating systems, both with underseat storage and an available one-touch power-folding third-row seat.

Entertainment options are unmatched by competitors. With music, audio, movie and personalized picture display capability, uconnect tunes anchors the 2009 Dodge Grand Caravan's multimedia entertainment together with a 30-gigabyte hard drive for 6,700 songs, USB port, uconnect studios SIRIUS Satellite Radio, front-row movie playback (in Park as permitted by state regulations) and an audio input jack for any MP3 player audio playback. The uconnect gps adds even more capability to the uconnect tunes system with navigation, and real-time traffic monitoring.

For the rear passengers, a minivan-first dual DVD system with third-row swivel monitor (available with Swivel 'n Go Seating) can play different media at the same time. With uconnect studios SIRIUS Backseat TV[™] satellite streaming video and SIRIUS Satellite Radio, DVD player and dual A/V jacks with a 115-volt power inverter in the second row, there is something to keep everyone entertained.

Halo lighting, second-row power windows, second- and third-row sunshades, Remote Start, a removable, rechargeable flashlight in the rear cargo area and a D-pillar-mounted power liftgate button are some family-friendly innovations also found in the 2009 Dodge Grand Caravan.

Product Highlights

- The 2009 Dodge Grand Caravan continues to offer value, versatility and functionality with leading innovation in the minivan segment. With more than 40 new or improved features over the previous generation, Dodge Grand Caravan continues Chrysler's 25-year leadership in the minivan segment
 - New for 2009 and a minivan-first, the Blind Spot Monitoring System (BSM) warns the driver of unseen vehicles when changing lanes via an audible chime and a visible icon on outside mirrors
 - The Rear Cross Path System (RCP) aids drivers any time the vehicle is in Reverse and warns the driver if any traffic is moving toward the vehicle via an audible chime and a visible icon on outside mirrors
 - With its athletic, yet contemporary interior and exterior design, two different seating and storage options, new, more powerful drivetrain options and clever interior features, the 2009 Dodge Grand Caravan has evolved to become a "family room on wheels" – a vehicle that offers the ultimate flexibility and utility for active lifestyles
- The Swivel 'n Go[™] and Stow 'n Go[®] seating and storage systems are exclusive to Dodge and Chrysler minivans, offering great seating options without compromising the great in-floor storage space
 - Swivel 'n Go is a unique seating and storage system that offers in-floor cargo bins of the Stow 'n Go seating system combined with second-row quad chairs that rotate 180 degrees to face forward or rearward, and a stowable center table that installs between the second- and third-row seats. The flexibility of the Swivel 'n Go

system allows for a variety of configurations, including conversational seating without the table and just about any use with a table, from homework, to game playing, from meals on the go, to a home office on wheels

- Integrated child booster seats, that raise children in the adult-belted zone while increasing visibility, are available with the Swivel 'n Go seating system
 - The Stow 'n Go seating and storage system is still an industry exclusive available only on Chrysler and Dodge minivans. These are the only minivans to offer fold-in-the-floor second-row seating (without the need to remove the seats) and fold-in-the-floor third-row seats
 - A second-row bench seat with dual integrated child seats is available
- The 2009 Grand Caravan is a “family room on wheels” because of its fun features, practical comforts and pleasant driving experience
 - Fun features including the Swivel 'n Go seating system, a nine-inch dual DVD system with swiveling third row that plays different media at the same time, uconnect studios SIRIUS Backseat TV™ and SIRIUS Satellite Radio, surround sound, uconnect gps with 30-gigabyte hard drive and navigation with real-time traffic monitoring, six LED pinpoint reading lamps, ambient halo lighting, a removable, sliding center console and removable flashlight in the tailgate give more options to families on the go
 - Practical comfort features including the Stow 'n Go seating and storage system, heated first- and second-row cloth or leather seats, Remote Start, second- and third-row sunshades, personalized navigation backgrounds, Stain Repel Seat Fabric, an umbrella holder next to the driver's seat, removable, dishwasher-safe cup holders, second-row power windows and third-row power-folding seats provide the comforts of home while on the road
 - An available six-speed transmission, 17-inch 5-spoke aluminum wheels with sport-tuned suspension and a 4.0-liter V-6 engine option offer an enlivened driving experience (28L Package)
 - Segment-first Blind Spot Monitoring (BSM) and Rear Cross Path (RCP) accident-avoidance systems effectively add to the list of standard safety features available on the Dodge Grand Caravan. All-row side-curtain air bags and an Electronic Stability Program are among standard safety features on 2009 Chrysler and Dodge minivans. With innovations including a patented, energy-absorbing steering column, driver and passenger knee blocker, Lower Anchors and Tethers for CHildren (LATCH), integrated booster seat, a rearview interior conversation mirror, available ParkSense® Rear Park Assist System⁽¹⁾ and ParkView™ Rear Back-up Camera, the 2009 Dodge Grand Caravan ensures peace of mind when traveling

(1) Denotes most stationary obstacles. As with all electronically controlled systems, care is advised.

Model Lineup

Dodge Grand Caravan SE

Dodge Grand Caravan SXT

2009 Dodge Grand Caravan SE (Standard Features)

- Front-wheel drive
- 3.3-liter V6 OHV engine
- 4-speed automatic transmission

- 2009 model year production start: August 2008 (Windsor), August 2008 (St. Louis South)
- Production location: Windsor Assembly Plant in Windsor, Ontario, Canada, and St. Louis South Assembly Plant, Fenton, Mo.
- 4.0-liter SOHC V-6 engine: Trenton Engine Plant in Trenton, Mich.
- 3.8-liter V-6 Engine: Trenton Engine Plant in Trenton, Mich.
- 3.3-liter V-6 Engine: Trenton Engine Plant in Trenton, Mich.
- Four-speed automatic transmission: Kokomo Transmission Plant in Kokomo, Ind.
- Six-speed automatic transmission: Kokomo Transmission Plant in Kokomo, Ind.

Market Position

The minivan segment is a substantial part of the new-vehicle market and remains vibrant. As the originator of the modern minivan, Dodge has pioneered more innovations than any other brand with over 65 minivan-first features in the marketplace and has been the sales leader for the past 25 years.

Within its sporty, contemporary package, the 2009 Dodge Grand Caravan harnesses unmatched flexibility and value to be the best all-around vehicle for young families. No other minivan in the market offers the combination of versatility, functionality and clever features for the price than the 2009 Dodge Grand Caravan.

Demographics

- Target: Married couples
- Median Age: 30-44 years old
- Median Annual Household Income: \$70,000
- Education: 60 percent college graduate
- Household: Married with two or more children under the age of 12 living at home

Market Advantages

• **Unmatched Interior Flexibility**

- o Only minivan to offer two distinct seating and storage systems, including the industry-exclusive Stow 'n Go[®] seating and storage system and the all-new Swivel 'n Go[™] seating and storage system
- o Second-row bench seat with dual integrated child seats are convenient and easy to use

• **State-of-the-art Technology – Next Generation In-vehicle Entertainment**

- o Minivan-first uconnect studios SIRIUS Backseat TV[™] - Satellite Streaming Video with Nickelodeon, Disney Channel and Cartoon Network
- o Minivan-first nine-inch dual DVD entertainment system with available swiveling third-row monitor plays different media at the same time
- o uconnect gps with 30-gigabyte hard drive, navigation, real-time traffic monitoring and uconnect studios SIRIUS Satellite Radio
- o Premium sliding center console with multiple storage options slides rearward up to 21 inches

• **Powertrain and Driving Dynamics**

- Three powertrain options including the 4.0-liter V-6 engine with sport-tuned suspension (28L Package)
- Reduced NVH
- Improved aerodynamics, ride and handling
- Improved brake feel and performance

• **Interior Ambience**

- o Halo lighting and LED reading lamps create interior ambience and allow customers to see each other, play games or do homework when it's dark outside
- o Thoughtful interior offers a place for everything

PRODUCT CHRONOLOGY

2008 MODEL YEAR

- All-new fifth-generation long-wheelbase minivan with wider stance and distinctive “face of Dodge” front-end and grille
- Thirty-five new or improved features over the previous generation
- Three distinct seating and storage systems including Swivel 'n Go™ seating, offering second-row seats that swivel 180 degrees to face the third row with a removable table that installs between the two rows
